August 2025

1 net salary

```c
#include <stdio.h>

int main() {
    int gross, _net_salary,allowance,dedution;
    printf("enter gross: ");
    scanf("%d" , &gross);
    (allowance= (gross*10)/100),(dedution=(gross*3)/100), (_net_salary=gross + allowance-ded
    printf("net salary=%d\n", _net_salary);
    return 0;
    }
    }
```
